Szene 1 : Trailer mit Sound – Beginn der Folge 1

Takes :

Ort : Clonhugh Lodge – Aussen – sonnig – **Das Institut**

Die 2 Wagen der Delegation aus Amerika fahren durch das Tor

Die Kamera zeigt das beeindruckende DBHD Park Gelände

Darsteller : First Lady und DBHD Boss auf der 2 Stufen Treppe

Darsteller : 6x Supergirls-Security und einige DBHD Mitarbeiter

Die Delegation der Amerikaner steigt aus – Handschlag Begrüssung

direkt auf der Ebene der Fahrzeuge im Hof. – Close Ups - Lächeln

3 Räume Besichtigung DBHD Institute – dann Getränke im Salon

Besprechungs-Raum – Karten – Projekt-Gespräch US Endlager

Und einer fehlt in der Gruppe – im Auto der Amerikaner

war noch eine Frau ...

Herres : Hallo – hat man Sie vergessen ? Verstehen Sie mich ?

Lisa Masterman : Hello – who are you ?

**Herres : My name is Dr. Herres Physicist / Physiker – i work
an i live here on Clonhugh Lodge DBHD Institute – here is
my Employee-Pass - would you like to see the horses ?**

**Lisa : Oh – that would be great – can we negotiate about some
beverages later on ? I am Geophysicist – from Houston area.**

How far is it to the horses ? Can we go there now ?

Herres – its just 50 m you might see it from here ...

Der Nachmittag und Abend - Spaziergang quer über
eine grüne Wiese – Sonnenuntergang am Seeufer ...

Wir machen das um Endlager schön erklären zu können !

Ihr macht das um eine schöne Serien produziert zu haben
und Sendezeit mit Content zu füllen und Rechte-Verkäufe.

Der Planverfasser ist ein professioneller Zukunfts-Zeichner
ein fantasiebegabter Mensch der gerne Film-Regisseur wär.

Ihr kauft ein oder mehrere Drehbücher

Arch. Goebel erhält Kaufpreis Drehbuch

Das Studio-Anwesen müsst Ihr kaufen – Sonst heisst die Serie anders ?

Clonhugh Lodge kostet 8 Mio. EUR – Wiederverkauf dann möglich.

Geman mit Ireland TV

Alternative Spielorte sind in Frankreich – Leere Loire Schlösschen

Die Loire Schlösschen von 2 bis 12 Mio. EUR – Wiederverkauf schwierig

Allemagne avec TV francaise

Die Regie sieht ein Reality Format mit Kostumfilm ähnlichen Sequenzen
mit viel Landeskolorit – Technologie und Reisen anstatt Morde – Liebes-
szenen grosser Romanzen – Mit transportiert wird Endlager – Nutzen und
Risiken – Möglichkeiten – ein bisschen James Bond Feeling für jeden dabei.

Die Physiker – mal wieder – und die technischen Zeichnerinnen – die First
Lady – der Boss – die Hausangestellten – die Super-Girl Reiterinnen – der
Flugplatz – das ringen um gute Bauten und ein gutes Leben – wie im Film.

The real crew – they are all old by now – in the film its about to hand over knowledge to the next Generation – These people are the role models for the roles – But its actors that play – People from real live DBHD development are on site sometimes to advice actors on what DBHD and them are about. – The complete film war pre-developed by a real life setting. – Mindset Germany - Ireland

Film have to tell a story – and happen somewhere – where the brave are likely to come together

Szene 5 : Trailer mit Sound – Folge 1 - Staffel 1

Ort : **Woodsmith Mine** Englands – SBR shaft site

All the crew hops in 4 Range Rover Cars and
do a visiting scene at Woodsmith Mine Englands

DBHD Boss :

**So this is an SBR Shaft head that does not want to be seen
and Diameter is only 8,5 meter while we are planning 12 .**

**Supergirl 2 : You all get visitor sign – Fix on Jackets and
always stay in group with local site group leader ...**

**Group Leader Anglo-American Mining : Welcome DBHD
Team – those of you who want a ride down please pick up
a helmet and Dräger Breathing Unit – all others can walk
around for 2 hours – Crane and works are of for a long lunch
break – you can take photos and measure whatever.**

**USA guest scientist : that is about shaft building here and
i am in nuclear – USA geophysicist : Did they find water
while drilling the big hole – DE geologist : Yes they did – in
750 m it came out of the wall under pressure.**

**US guest scientist : But its polyhalite mining the want to
do here – that is not a GDF build by UK ?**

**DE Geologist : well Polyhalite is Halite – its also a salt
but here we look for the shaft as a near real size example.**

Takes :

To be continued :

and i need a car to drive to next town pharmacy

Tashi : You are most welcome – do you want to hear
Advice from me ? or from Teacher Cheki Tshomo ?

We are from Bhutan and we answer like buddhists.

Ms. Valentine : Lets go inside the tent – My problem
is that i betrayed my country the USA – Confirming
what DBHD anyway know and published before ...

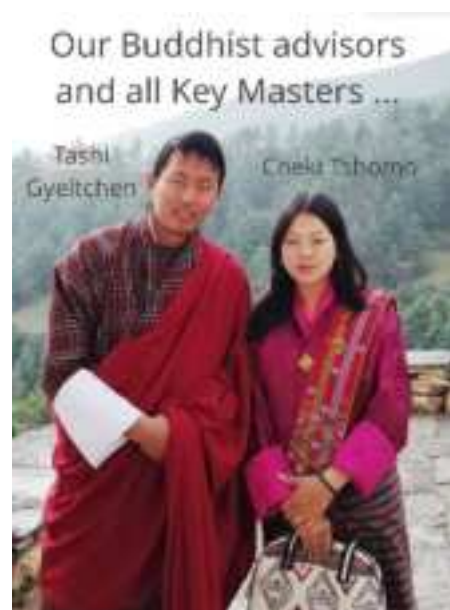

Cheki : You work for the benefit of your country.

Tashi : It is not your fault that Geologies are where
they are – We had many Representatives and Geo-
logists here – We told them DBHD is safe. – Did
they give you the technical drawings ?

Cheki : Did you receive adapted technical drawings
with you US geologies in already – ask for them ...

Tashi : What Land Rover you want – We have a
short 90 and a big 110 – you can also have the white.

Das DBHD Team steht in einer Salz-Halle die K+S raus-
gesprengt haben – leider ist das Mineralien-Bergwerk
unterirdisch riesig – leider hat es Grubenwasser aus 3
Grundwasserleitern. – Abpumpen kann man das und da
ist ja auch kein Atommüll drin. – DBHD will Neubau.

**K+S : Guten Tag liebe Bergwerks-Besucher – wie ich
höre plant Ihr Endlager im Salz – soll ich Euch mal an
3 Stellen zeigen wo es bei uns innebrünzelt ? – Es sind
ca. 10 min Fahrt zu der Kammer im Salz die Ihr sehen
wollt. – Habt Ihr die Dräger Atemluftgeräte dabei ? Ich
muss alle Manometer sehen – Und einsteigen bitte ...**

**Building Engineer : Whom of you enjoyd the elevator
ride in the narrow shaft – Remember we build D 12 m
and the hole is always open.**

**Inventor Draft Women : Und hier habt Ihr Festen Boden
unter den Füßen – im DBHD laufen die Leute auch auf
Gitterrosten.**

**DBHD Boss : Lasst uns aussteigen – Wir sind in der Halle
im Salz die ich Euch zeigen möchte :**

DBHD Boss : Britta – hast Du die Bilder von der Halle im Salz erhalten ?

Britta : Du wolltest den Leuten mal Salz zeigen und den Planern ein Volumen.
